

Felicity's of Hampshire

Testimonials

“Ben and his team helped us out last minute when we were let down by another firm. They made the whole moving home process stress free, we have a young family and every team member was professional and courteous given the madness around the house. Ben was always contactable day or night and I would have no hesitation recommending Felicity's to friends or family.”

We are so glad to be the third customer for Ben's new business, he have done removing company for more than 20 years which have proved by the way how he handled customer service. ,e and my husband would like to recommend him and his team to anyone due to the fact, he made us feel secure and welcome, especially during COVID. None of the items had been broken during the removal process which have to thank Kenneth professional wrapping and display skills on the van. Highly recommend to anyone who would like to move with them.

Ben and his team was very professional and polite all day, we had a lot of stuff to move and they just got on and done it making three trips, they never left until everything was in place and we were happy. I would highly recommend family and friends to use.
